

## BioXcel Therapeutics to Participate at the Canaccord Genuity 42nd Annual Growth Conference

August 3, 2022

NEW HAVEN, Conn., Aug. 03, 2022 (GLOBE NEWSWIRE) -- BioXcel Therapeutics, Inc. (Nasdaq: BTAI), a commercial-stage biopharmaceutical company utilizing artificial intelligence approaches to develop transformative medicines in neuroscience and immuno-oncology, today announced that Vimal Mehta, Ph.D., Founder and Chief Executive Officer, and Matt Wiley, Chief Commercial Officer, will participate in a fireside chat at the Canaccord Genuity 42nd Annual Growth Conference on Wednesday, August 10, 2022 at 2:30 p.m. Eastern Time. Management will discuss the Company's neuroscience and immuno-oncology programs as well as its artificial intelligence platform used to augment and accelerate the drug candidate discovery and development process. They will also discuss the Company's commercial strategy and launch of IGALMI™ (dexmedetomidine) sublingual film.

To access a live webcast of the fireside chat, please visit "News/Events" within the Investors & Media section of the Company's website at [www.bioxccltherapeutics.com](http://www.bioxccltherapeutics.com) beginning 15 minutes prior to the start time of the fireside chat. A replay of the webcast will be available on the Company's website following the event.

### About BioXcel Therapeutics, Inc.

BioXcel Therapeutics, Inc. is a commercial-stage biopharmaceutical company utilizing artificial intelligence approaches to develop transformative medicines in neuroscience and immuno-oncology. The Company's drug re-innovation approach leverages existing approved drugs and/or clinically validated product candidates together with big data and proprietary machine learning algorithms to identify new therapeutic indicies. The Company's commercial product, IGALMI™ (developed as BXCL501), is a proprietary, sublingual film formulation of dexmedetomidine approved for the acute treatment of agitation associated with schizophrenia or bipolar I or II disorder in adults. The safety and effectiveness of IGALMI has not been established beyond 24 hours from the first dose. BXCL501 is under investigation for the acute treatment of agitation associated with Alzheimer's disease, and as an adjunctive treatment for major depressive disorder. The Company is also developing BXCL502 as a potential therapy for chronic agitation in dementia. Under its subsidiary OnkosXcel Therapeutics, the Company is developing BXCL701, an investigational, orally administered, systemic innate immunity activator for the treatment of aggressive forms of prostate cancer and advanced solid tumors that are refractory or treatment naïve to checkpoint inhibitors. ### Forward-Looking Statements

This press release includes "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements in this press release include but are not limited to the date, time and content of the Company's fireside chat at the Canaccord Genuity Annual Growth Conference. When used herein, words including "anticipate," "will," "plan," "may," "continue," "intend," "designed," "goal" and similar expressions are intended to identify forward-looking statements. In addition, any statements or information that refer to expectations, beliefs, plans, projections, objectives, performance or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking. All forward-looking statements are based upon the Company's current expectations and various assumptions. The Company believes there is a reasonable basis for its expectations and beliefs, but they are inherently uncertain. The Company may not realize its expectations, and its beliefs may not prove correct. Actual results could differ materially from those described or implied by such forward-looking statements as a result of various important factors, including, without limitation, the important factors discussed under the caption "Risk Factors" in its Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2022, as such factors may be updated from time to time in its other filings with the SEC, including the Company's quarterly report on Form 10-Q for the quarterly period ended June 30, 2022, accessible on the SEC's website at [www.sec.gov](http://www.sec.gov). These and other important factors could cause actual results to differ materially from those indicated by the forward-looking statements made in this press release. Any such forward-looking statements represent management's estimates as of the date of this press release. While the Company may elect to update such forward-looking statements at some point in the future, except as required by law, it disclaims any obligation to do so, even if subsequent events cause our views to change. These forward-looking statements should not be relied upon as representing the Company's views as of any date subsequent to the date of this press release.
